

Beautiful Features, Outstanding Value

Our Bungalow models set a high standard for wood-burning quality, performance, and economy. They include a wide variety of models with spacious, full brick openings, plus features homeowners will love!

Homeowner Highlights:

- **Eye-dazzling beauty**—Features clean, full brick lined interior, tough, textured powder coat finish and solid steel log grate.
- **Variety of choices**—Available in fully insulated, smooth faced or louvered, circulating models.
- **Attractive accessories**—There's an array of eye-catching extras, including black, brass or platinum bi-fold glass doors and more.

Builder Benefits:

- **Secure, straight installation**—We've added solid full-length nailing flanges and drywall stops.
- **Value**—The Bungalow offers excellent quality at an economical price.

B36 is a full smooth faced model.

B42L offers louver-faced option for warm air circulation.

Bungalow Fireplace Product Offering Summary
