

◆IRONHAUS◆ fireplace
doors

Face It. More than just a pretty face.

A blacksmith shop at heart, Ironhaus doors and faces are handcrafted by artisans.

Luxury, quality fireplace doors for masonry, gas and wood fireplaces are hand forged from 1/4" thick bar steel.

Ironhaus doors more than just enhance fireplaces. Glass doors for wood fireplaces are more energy efficient and safety mesh doors on gas fireplaces offer protection from high temperature glass.

Visit www.ironhaus.com to find an authorized Ironhaus Dealer in your area.

Upgrade It.

Face It. Pocket Doors and Bifold Doors.

Bifold Doors

Doors that fold are not boring.
Trackless doors that fold open and closed.

Hideaway Pocket Doors

Pocket doors spark conversations.
Doors that disappear when opened.

Telescoping Pocket Doors

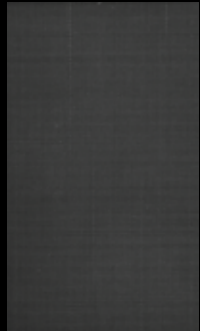

The fireplace door redefined for tight hearth spaces.
They slide...collect...and hide.
