KAMADO JOE ACCESSORY LINE

100% NATURAL LUMP CHARCOAL

Our 100% Natural Lump Charcoal burns cleaner, hotter and longer than other brands. It adds a uniquely mouth-watering taste and flavor to grilled and smoked foods. Available in 20 lb/9.07kg bags.

HEAT DEFLECTOR

Our Heat Deflector is the only indirect system that let's you cook with four different configurations. Use it for baking, grilling or our two different options for smoking. Heat circulates evenly around your food to keep it unbelievably moist.

FIRE STARTER CUBES

Fire Starter Cubes are the quickest way to start your grill. Each cube burns up to 1300°F for 8-12 minutes to ensure that you're ready to cook in 15 minutes. Odorless, smokeless and environmentally safe.

PIZZA STONE

Our high-impact ceramic Pizza Stone distributes heat evenly across the entire surface, and absorbs excess moisture. It creates a pizza that is cooked perfectly with a crispy crust. *Heat Deflector required.*

GRILL EXPANDER

Add up to 60% more cooking area with our premium Grill Expander and easily cook tender food like vegetables and seafood. Use with our Heat Deflector for smoking or roasting. Made of 304 grade stainless steel for easy clean up and years of use.

GASKET REPLACEMENT KIT

The Replacement Kit is made of premium felt gasket material with a self-adhesive backing. Enough gasket material is included with each kit so it can be used on any standard size Kamado style grill. Full installation instructions are printed on the package insert.

PREMIUM GRILL COVER

Our Premium Grill Covers are made of durable vinyl for all-weather protection. Custom fit and available in black. *Grill Covers are also available for our Grill Tables.*

GRILL GRIPPER

Made of durable 304 stainless steel for years of beauty and use, our Grill Gripper securely clamps onto any cooking grate. Avoid the mess and potential burn hazard of moving or repositioning your cooking grate.

RIB RACK

Our 304 stainless steel Rib Rack allows you to cook more ribs by placing the ribs vertically in your grill. You can also place other cuts of meat in the rib rack like chicken pieces or pork chops.

CHICKEN STAND

The perfect way to roast a chicken for incredible tenderness. Roasting vertically allows the outside of the chicken to brown uniformly. Fill our Chicken Stand with your favorite liquid to infuse more flavor into the meat. Use beer, juices or your favorite marinade.
