Linear Direct Vent Fireplace Series

CTL-58 Transitional Linear Fireplace

## The New Standard In Great-Room Fireplaces

Stellar Hearth's linear fireplaces offer aesthetic flexibility to complement a wide variety of décor motifs. With looks that can transition from modern to traditional, and with features that accentuate the room year-round, our fireplaces offer just the right touch to set your home apart from the rest.

### The Modern and Transitional Linear Fireplaces Offer You -

- A choice of 3 front styles, in 3 finishes, two of which incorporate LED accent lights to illuminate your hearth
- Standard with a multi-functional remote/wall control to dial in the exact ambience and comfort level, any time of the year
- Both are highly efficient heaters, never sacrificing energy for beauty

### CTL-58 Transitional Linear Fireplace (As Shown At Left)

The Transitional Linear fireplace works across a broad spectrum of home décor, taking a traditional burning log fire and spreading it across the entire viewing area. Locate it on the floor or higher on the wall to create just the right focal point for your room.

### Decorative Fronts

A choice of 3 decorative front styles, available in Black Suede, Gun Metal Gray and Mahogany, two of which incorporate LED accent lights to illuminate your hearth.

#### Accent

Simple yet elegant, the Accent Front makes a clean transition from the fireplace to your surrounding wall. Shown in Black Suede.

#### Eminence

With a bold design and standard sconce lights, the Eminence Front makes your fireplace the true heart of the home. Shown in Gun Metal Gray.

#### Inspiration

The Inspiration Front's understated features and soft halo glow from its standard sconce lights illuminate the area around your hearth, making a lasting impression in the room. Shown in Mahogany.

### CML-58 Modern Linear Fireplace

The Modern Linear fireplace puts the "art" in "hearth". With reflective glass "logs" lit up from below, and a mirrored firebox, you'll enjoy endless iterations of the flames or lights throughout the year.

And with a choice of media colors to accent the fireplace (shown at left from top to bottom - H2O, Tequila and Mercury), YOU can add just the right look to reflect your taste.
