

The Vail Series Vent-Free Gas Fireplaces

Vail 36 trimmed with Stainless Steel Leaf Louvers, Hood, Frame, Arch Doors, Bottom Trim, and Optional Ceramic Aged Brick Liner in a White Standard Corner Mantel with Base.

White Mountain Hearth – The Pinnacle of Efficiency

Vail 36 in a White Standard Corner Mantel with Base, trimmed with Hammered Pewter Mission Decorative Accessories and Optional Ceramic Aged Brick Liner

Vail Premium 32 and 36 Models

Standard Features

At 99.9 percent efficient, the Vent-Free Vail Fireplace delivers more heat for your energy dollars – 32,000 Btu for the Vail 32 and 36,000 Btu for the Vail 36. Ceramic glazed pellets in the burner tumble and swirl the gas to produce a natural flickering flame.

Choose one of two available log sets - Ceramic Fiber or Refractory. Both are hand painted for exceptional realism and exquisite detail.

And choose one of two liners - aged brick or stacked limestone to complement your decor.

The matte black arched screen front perfectly frames the logs and optional brick liner to create an exceptionally beautiful fireplace. All Vail fireplaces come with matte black slat louvers and hood.

The Vail 32 and 36 Premium Vent-Free Fireplaces feature hem-bent seams that provide a better seal while eliminating dozens of screws and fasteners. The result is a lighter, more rigid box that's easier to install.

Vail 32 with 24-inch Sassafras Refractory Log Set

- **More Decorative Accessories Than Ever!**
- **Bedroom-Rated Model Available**

Options & Accessories

More than 100 easily installed decorative accessories for the Vail 32 and Vail 36 let you tailor your fireplace to your décor.

Choose louvers in four patterns – slat, arched, leaf, and mission – finished in matte black, hammered pewter, polished brass, or brushed stainless steel.

Matching door sets and frames complete the transformation from an attractive fireplace to a stunning focal point.

Vail 32 in Standard Dark Oak Cabinet Mantel trimmed in Matte Black Outer Frame, Stacked Limestone Liner, and Optional Ceramic Fiber log set.

Furniture-grade cabinetry components and 3/4-inch real wood moldings ensure lasting beauty

Mantels

Surround your Vail fireplace with our Standard Cabinet Mantel or Corner Cabinet Mantel beautifully hand finished in cherry, nutmeg, dark oak, oak, or white. Or select unfinished hardwood or oak and match your new mantel to your home's other woodwork.

Empire's craftsmen (and women) build each mantel from 3/4-inch fine-furniture grade cabinetry components, including select hardwood veneers. Because this natural wood can vary in appearance, we grain match the components for each mantel to ensure that your mantel looks great.

Each mantel is detailed in matching solid wood trim - in oak or poplar. The full 3/4-inch moldings and edge trim add beauty and structural integrity.

Outer Frames and Bottom Trim

Our metal three-piece outer frames let you transition from your fireplace to any adjoining surface – wooden mantel, tile, stone, or any noncombustible material. Choose from steel frames – with traditional crisp lines – or our new extruded aluminum frames – with a profile that combines gentle concaves with flat surfaces. Each is available in matte black, hammered pewter, polished brass, and stainless steel finish.

Our bottom trim completes the fourth side of the color frame.

Extruded Aluminum Frames

Matte Black
(Shown on Cherry Mantel)

Hammered Pewter
(Shown on Oak Mantel)

Stainless Steel
(Shown on White Mantel)

Vail Decorative Trim is available in Classic Matte Black, Modern Stainless Steel, Rich Hammered Pewter, and Traditional Polished Brass

Brick Liners

All brick liners are made from ceramic fiber for a rich detail and lasting beauty.

- **Aged Brick Liners have brown bricks with charcoal mortar in running bond courses, plus smoked accents.**
- **Stacked Limestone Liners have rugged, irregular stones with no mortar.**
- **Traditional liners have burnt umber bricks with light gray mortar, in running bond courses (Available for Vail 24 only).**
- **Banded Brick Liners have dark “creamed-coffee” bricks with charcoal mortar in running bond courses, plus an accent band of diagonal brick (Available for Vail 26 only.)**

Control Options

Step up to a Remote-Ready Vail Fireplace and select our battery operated Thermostat Remote Control. Or connect to a simple wall switch or wall thermostat – even a wireless model that simplifies installation.

The basic Vail operates with a built-in modulating hydraulic thermostat that automatically manages the flame to maintain your preset room temperature.

Vail 24 Fireplace System with Optional Ceramic Aged Brick Liner, Cherry Mantel, Hammered Pewter Frame and Bottom Trim

Vail 24 – a full-featured fireplace for smaller spaces

The Vail 24 delivers the beauty of hand-painted logs and natural flickering flames to dens, halls, and even bedrooms.

Vail 24 Fireplaces are rated at 20,000 Btu - enough heat to keep a family room cozy and warm. A special 10,000 Btu model is available for bedroom installations, where allowed by local codes.

The Vail 24 fireplace includes matte black louvers and frame. Available accessories include metal frames (in polished brass, hammered pewter, and stainless steel), blowers, brick liners, remote controls, and Standard Cabinet and Corner Mantels (in cherry, dark oak, oak, unfinished hardwood, unfinished oak, and white).

Control Options

The basic Vail 24 operates with a built-in modulating hydraulic thermostat that automatically manages the flame to maintain your preset room temperature.

Step up to a Remote-Ready Vail 24 Fireplace and select our battery operated Thermostat Remote Control. Or connect to a simple wall switch or wall thermostat.

Vail 26 Special Edition

The Vail 26 Special Edition is the American-made fireplace system that ships complete in one package – fireplace, assembled mantel, Flint Hill log set with 20,000 Btu vent-free Contour burner, matte black hood, frame and louvers – even glowing embers.

This package system installs in as little as 30 minutes, minimizing labor costs. A total mantel footprint of just over 17 by 45 inches makes the Vail 26 Special Edition ideal for tight spaces and small rooms.

The Vail 26 Special Edition is available in three mantel colors – nutmeg, cherry, and white – and in modulating hydraulic thermostat and Millivolt control. The Millivolt system allows you to add a wall thermostat, remote control, or thermostat remote control.

Available Accessories include Hammered Pewter trim, blower, and Banded Brick liner.

Vail 26 Special Edition Fireplace System includes Nutmeg Mantel

Vail 26

We also offer the Vail 26 as a separate fireplace – perfect for built-in and custom mantel applications. Or choose one of our cabinet or corner cabinet mantels, available in five finishes – cherry, dark oak, nutmeg, oak, and white – plus unfinished hardwood or oak.

The 10,000 Btu version may be installed in bedrooms, where allowed by code.

History & Art Come Together

Empire Comfort Systems Inc. has manufactured safe, reliable heating systems for more than 75 years. We take pride in our reputation for quality products, backed by the best sales, service, and distribution network in this industry.
