GAS LOG Burner Options

Ember Burner
Single burner value and simplicity.

H-Burner
Premium H-Burner offers more front flame and a vibrant ember bed.

System 4 Burner
Revolutionary vented burner offers hidden controls and clean burning LP performance.

GAS LOG Accessories

Ember Enhancing System – front burner attachment that extends the glowing coal ember bed forward. Fits 18" to 36" set sizes.

Pedestal Grate Facing – add a distinguished look to your gas log set. Fits 18" to 30" set sizes.

Pine Cones – accentuate your fireplace or hearth with decorative pine cones.

Crackling Pine Cone Kit – create the sounds of a real wood fire.

Bark Chip Kit – add beauty to the ember bed of your gas log set.

Charred Chip Kit – Realistic charred wood pieces for your ember bed.

Glowing Embers – Hargrove's unique black-colored glowing embers look great when the log set is on or off.

GAS LOG Controls

Hargrove's Safety Pilot Control Systems offer the best in safety, convenience and reliability. The safety feature shuts off gas flow to the system if the pilot is extinguished and the valve body is optimally placed for long lasting performance.

Manual Safety Pilot Control System
Manual valve for on/off control. Shown with optional latch-tap accessory, which converts valve to remote control operation.

Variable Pilot Control System
Specialized control system allows adjustment of flame height during operation.

Millivolt Pilot Control System
Millivolt system operates with included wall switch or optional on/off remote control.

Intermittent Pilot Electronic Control System
Pilot lights automatically, only when log set is operating. Features built-in rocker switch or optional on/off remote control.

Cool Mount Safety Pilot Control System
Remote mount safety pilot systems that help put valves in a cooler spot in the fireplace. Manual safety pilot and remote options available.

The Hargrove Heritage Warm Feelings For A Lifetime
All Hargrove Vented Gas Fire Log Sets include:

- Hand Finished Fire Logs with authentic Hargrove detail and realism.
- Lifetime Warranty - Hargrove Gas Fire Logs carry a limited lifetime warranty against breakage in the original fireplace.
- Burners and Grates carry a five-year limited warranty in the original fireplace, and all Control Systems and other Accessories carry a two-year limited warranty in the original fireplace.
- Pedestal Grate, especially designed to place the logs in perfect position for the best flame pattern.
- Ember Burner Pan, heavy 16 gauge steel – the foundation for the burner media.
- Silica Sand, maximizes diffusion of natural gas. Vermiculite is used with propane.
- Embers, creates the illusion of a bed of glowing coals.
- Cinders, for the finished look of the fireplace floor.
- Connector, to join gas supply to the ember burner pan.
- Optional Safety Pilot Valve combines the convenience of on-off control with safety features. Available factory assembled.
