Why Napoleon®?

Making your life easier... Napoleon® fireplaces are designed to provide you absolute comfort and control at the touch of your fingertips. It's that easy. When you install a Napoleon® direct vent gas fireplace, you can rest assured that you will enjoy a lifetime of instant ambiance with reliable performance year after year.

An investment you can count on... Your new Napoleon® fireplace adds value to your home while at the same time giving you uncompromising comfort. Aside from kitchen and bathroom renovations, fireplaces add the highest return on your home investment.

Create your personal design statement... Surround yourself with a home environment that makes you feel good, relaxed and proud to reflect your decorating style. Hundreds of designer options are available to create the exact statement you have been looking for.

Highest efficiencies, maximum comfort... Years of research, design and testing have enhanced optimum performance allowing many Napoleon® products to achieve some of the highest heater rated efficiencies on the market. Napoleon® continuously surpasses industry standards not only in appearance but in efficiency and performance. See the benefits of Napoleon's Zone Heating on page 32.

Beautiful fires, best flame in the industry... With advanced burner technology and innovative design, Napoleon's flame and exclusive PHAZER® log sets are so realistic it's hard to tell the difference from a real wood burning fire.

No power? No problem!... We all feel vulnerable when the power goes out. Now you can weather out the storm in the comfort of your own home! A Napoleon® gas fireplace requires no electricity to light or operate, a built-in millivolt system or electronic ignition with battery back-up ensures reliability even during power failures.

Authorized dealer support network... With over 3,000 reputable authorized dealers across North America, Napoleon® works hard to provide professional, consistent training and technical education to support our dedicated team of professionals.

Outstanding reliable warranty... Each and every Napoleon® fireplace is designed and manufactured to strict quality testing standards and backed by the President's Limited Lifetime Warranty, guaranteed to give you the solid performance you deserve. Napoleon® is registered under the world recognized ISO 9001-2008 quality systems.

GD19 - The Vittoria™

Sleek, Tall and Slender

With its sleek, tall, slender design, the GD19 gas fireplace easily installs into smaller wall applications... perfect for entranceways and corner wall installations. With the choice of a traditional log set and facing kits or a river rock setting and contemporary facing kits, the GD19 offers two entirely different looks. The GD19 features Napoleon's exclusive NIGHT LIGHT™, electronic ignition with battery back-up and heat radiating ceramic glass. Either choice, traditional or modern, the GD19 is the perfect fireplace for smaller living spaces.

33/34" Fireplaces

It's a Small World

The GD33/34 is one of Napoleon's smallest direct vent gas fireplaces and perfect for rooms with limited space. At only 13" deep, the GD33/34 can be installed almost anywhere! The 33/34" series features Napoleon's PHAZER® log set and glowing embers that are so realistic they look like a real wood fire. The 100% SAFE GUARD™ gas control system quickly and automatically shuts of the gas for your peace of mind. Easily transform your room into a relaxing, cozy retreat with just the right amount of heat. Available as a top vent (GD/BGD34) or rear vent (GD/BGD33).

BGD40G - Multi-View Glass Fireplace

The Only Limitation Is Your Imagination

The demand for a modern 36" Multi-View gas fireplace has brought to life Napoleon's BGD40G. The BGD40G fireplace features an elegant Topaz CRYSTALLINE™ ember bed, changing the original look of the BGD40 with logs from traditional to modern. The raised linear burner creates a perfect display of YELLOW DANCING FLAMES® that glitter throughout the glass crystals and the Porcelain Reflective Radiant Panel(s) that come standard with the unit. Two models to choose from, See Thru and Peninsula to suit any room in the house.

BGD40 - Multi-View Fireplaces

Discover a World of Possibilities

The BGD40 Multi-View fireplaces create interesting room dividers between bedrooms and bathrooms, kitchens and sitting rooms, entranceways and living areas and even looks great in a corner. Five different models are available to suit any possibility; See Thru, corner (left, right or three-sided peninsula), and four-sided island (vent free* only). Napoleon's PHAZER® log set glowing with embers and YELLOW DANCING FLAMES® are so realistic it's hard to tell the difference from a real wood burning fire. Divide a room, design an attractive corner, enjoy a See Thru fireplace from two separate rooms... let your imagination soar.

Outstanding Features

of Napoleon's Advanced Technology

Advanced Burner Technology

Napoleon's sophisticated burner system offers superior flame technology. Strategically placed burner ports create the most realistic flames in the industry.

Finely Tuned Precision Valves

Surrounded with a protective cast aluminum jacket, the precision valves allow for ultimate reliability and 100% SAFE GUARD™ gas control system.

Minimum 30% savings on heating costs with Zone Heating

Zone Heating means you are heating the rooms that you use the most with an alternate heat source, like a Napoleon® heater rated gas fireplace. Zone Heating is the obvious solution for families concerned about rising fuel costs.

Outstanding Craftsmanship

Fine details are designed in every aspect of Napoleon® fireplaces... individually handcrafted with pride of excellence.

Solid Hinged Doors & Safety Screens

Manufactured with heavy gauge steel, the doors are conveniently hinged on most models for easy opening access. Safety screens are available to protect against inadvertent contact with glass, glass and unit temperature can get very hot.

Outstanding Features

of Napoleon's Direct Vent Technology

Direct Vent System

1. Zero clearance to combustible framing
2. Forced convection heated room air
3. Radiant heat
4. High Heat Ceramic or Tempered Glass increases the radiant heat that is dispersed throughout the room. Save up to 30% on energy costs with radiant heat and Zone Heating
5. Cool room air is naturally drawn into the heat exchange chamber
6. Optional air circulating variable speed blower with high temperature bearings increases efficient heating
7. Advanced ceramic burner system (selected models)
8. MIRRO-FLAME Porcelain Reflective Radiant Panels further increase radiant heat (optional on most models)
9. Advanced burner technology produces the most realistic flames in the industry
10. Sealed combustion chamber
11. Optional rear exhaust (selected models)

12. Efficient heat exchange system
13. Combustion air inlet
14. Flue gas outlet

With over 35 years of research and development, Napoleon® Fireplaces have perfected direct vent technology to offer you a fireplace, stove or insert that easily fits into your lifestyle.

With Napoleon's direct vent technology, you can design and install your fireplace in unique locations where it wasn't possible before with traditional masonry fireplaces. Even your basement can be transformed into a warm, inviting oasis for your family and friends to enjoy.

Whether you are renovating, building or replacing an inefficient fireplace product, Napoleon® helps guide you in the right direction to find the product that's right for you and your home. Napoleon® Fireplaces are a smart investment that will bring many years of affordable luxury to you and your family.

Direct Vent Power Venting System

1. Suitable for exhaust products with various vent diameters
2. Adjustments inside fireplace only
3. Installation friendly maintenance free durable construction
4. Blower mounted outside at terminal with WHISPER QUIET operation inside
5. Terminates above or below the fireplace to allow more freedom and versatility for direct vent installations
6. No hoses to blower
7. Ability to "snake" either up, down or around objects (ie; behind stairways)

Napoleon's power venting system allows more freedom and versatility for direct vent installations. The option of having the termination above or below the fireplace, along with the ability to "snake" either up or down, allows installation when the desired fireplace location is a great distance away from an outside wall. The blower that pulls the burned gases from the fireplace is mounted outside at the terminal which provides WHISPER QUIET operation inside the home.

Ceramic and tempered glass are made to withstand high temperatures, allowing maximum radiant heat, performance and safety.

Hot Air Distribution Kit

With the hot air distribution kit and its independent fan control, you are offered a choice of distributing a portion of the heat generated from your fireplace to other rooms, adding to your overall home comfort... or when fireplace heating efficiency is secondary to the ambiance of a fire, disperse it outdoors... ideal for entertaining.

Decorative Door Kits

Arched Door
Available in Painted Black (shown) and 24 Karat Gold Plated finishes

Webbed Arched Door
Available in Painted Black and 24 Karat Gold Plated (shown) finishes

Northern Door
Available in Painted Black, Pewter (shown) and 24 Karat Gold Plated finishes

Rectangular Door
Available in Painted Black (shown) finish

GD70 Ceramic Glass Door
Available in Painted Black finish (Standard)

Modern Faceplate and Doors
Available for HD35, HD40, HD46 and HDX40 fireplaces

Contemporary Door Kit
Available for the HD35, HD40, HD46 and HDX40 in Painted Black finish.

GD70 Decorative Faceplate and Doors
Available in Painted Black (shown), Hammertone Pewter or Hammertone Copper finishes

GD80 Rectangular Decorative Doors
Available in Hammertone Pewter (shown) or Hammertone Copper finishes

GD80 Arched Decorative Doors
Available in Hammertone Pewter or Hammertone Copper (shown) finishes

GD80 Wrought Iron Faceplate & Doors
Hand-forged iron - solid handcrafted wrought iron faceplate complete with double arched doors

BGD90 Artisan Doors
Solid wrought iron rectangular "Artisan" double doors

Decorative Frames & Fronts

GD19 Traditional Facing Kit
Available in Painted Metallic Black or Hammertone Pewter (shown) finishes

GD19 Contemporary Front
Available in Brushed Stainless Steel (shown) or Painted Metallic Black finishes

GD82T-PA Rectangular Facing Kit
Available in Diamond Dust Pewter, Taupe, Brown (shown) or Painted Black finishes

GD82T-PA Arched Facing Kit
Heritage Pattern
Painted Black finish

GD82T-PA Arched Facing Kit
Lattice Pattern
Wrought Iron finish

Premium Scalloped Frame & Door
Available for HDX40 and GD70 fireplaces

GD82T-PA Brushed Stainless Steel Surround & Hearth

Four-Sided Frames
Available in Brown, Diamond Dust Pewter (shown) or Painted Black finishes

Wave, Convex & Concave Surrounds
Available in Diamond Dust Pewter and Brown finishes.
Wave/Convex/Concave surrounds come with top and hearth satin chrome trim (matching upper trim also available).

GD70 Faceplate/Door Kit
Designed for marble/tile backing or flush wall installation. Available in Painted Black finish

BGD90 Faceplate
Wrought iron decorative square frame with arched rail inset

Available Colour Options

24 Karat Gold Plated Finish

Painted Metallic Black Finish

Brushed Stainless Steel Finish

Hammertone Pewter Finish

Hammertone Copper Finish

Painted Black Finish

Diamond Dust Pewter Finish

Brown Finish

Taupe Finish

Bay Front

Bay Front complete with pull screen and standard front brick available for GD/BGD33/34, GD/BGD36, BGD40 and GD70.
