

NAPOLEON

# Prestige<sup>®</sup> Collection

Direct Vent  
Gas Fireplaces

QUALITY FIREPLACES

# N A P O L E O N

*The Comfort You Deserve*

With over 35 years of passionate dedication, Napoleon®, an industry leader for innovative designs, has earned a worldwide reputation for providing families with fireplaces of uncompromising quality, state-of-the-art technology and designer features that create a proud statement in any home.

As the largest family owned hearth manufacturer in North America, Napoleon® holds strong family values that carry through in every aspect of the organization. Since 1976, Napoleon® has grown from a small manufacturing operation to a large private corporation, instilling the same strong values they started with. Napoleon® products are found in homes around the globe... becoming the preferred choice worldwide.

# WHY NAPOLEON?

## **Making your life easier...**

Napoleon's Prestige® Collection is designed to provide you absolute comfort and control at the touch of your fingertips. It's that easy. When you install a Napoleon® direct vent gas fireplace, you can rest assured that you will enjoy a lifetime of instant ambiance with reliable performance year after year.

---

## **An investment you can count on...**

Your new Napoleon® fireplace adds value to your home while at the same time giving you uncompromising comfort and a reliable heating source. Aside from kitchen and bathroom renovations, fireplaces add the most return on your home investment. Nothing to lose and everything to gain.

---

## **The next generation of fireplace design...**

Surround yourself with a home environment that makes you feel good, relaxed and proud to reflect your decorating style. Thousands of designer options are available to create the exact statement you have been looking for. Visit [napoleonfireplaces.com/FDS](http://napoleonfireplaces.com/FDS) to design, visualize and price the perfect fireplace for your home.

---

## **Highest efficiencies, maximum comfort...**

Years of research, design and testing have enhanced optimum performance allowing Napoleon® products to achieve some of the highest heater rating efficiencies on the market. Napoleon® continuously surpasses industry standards not only in appearance but in efficiency and performance.

---

## **Beautiful fires, best flame in the industry...**

With advanced burner technology and innovative design, Napoleon's flame and exclusive PHAZER® log sets are so realistic it's hard to tell the difference from a real wood burning fire.

---

## **Authorized dealer support network...**

With over 3,000 reputable authorized dealers across North America and Europe, Napoleon® provides professional and consistent training and technical support to ensure your fireplace is installed by a certified, reputable installation technician.

---

## **Outstanding Reliable Warranty...**

Each and every Napoleon® fireplace is designed and manufactured to strict quality testing standards and backed by the President's Limited Lifetime Warranty, guaranteed to give you the solid performance you deserve. (Registered under the world recognized ISO 9001-2008)

---

## **Mantel Selection...**

Napoleon® offers a complete selection of wood and architectural cast stone mantel packages. Ask your dealer for details or view online at [napoleonfireplaces.com](http://napoleonfireplaces.com).

 Only Napoleon® offers you these exclusive features. Watch for this symbol throughout the brochure.

Shown with Sandstone Herringbone decorative brick panels, arched facing kit with Heritage pattern and traditional painted black andirons.

This tall, dark, handsome fireplace features a unique, clean, frameless design with advanced burner technology, creating the most realistic flames in the industry. The Park Avenue™ deluxe model is offered as a complete package including an exclusive NIGHT LIGHT™, heat circulating blower, handheld remote (controlling the flame, blower and NIGHT LIGHT™), and PHAZERAMIC™ advanced flame burner technology.

# Outstanding Features of Napoleon's Advanced Technology

Legend

-  Heat Radiating Infrared PHAZERAMIC™ Burner System
-  Heat Circulating Blower
-  Radiant Heat
-  Full Function Digital Remote
-  No Electricity Required to Light or Operate
-  Money Saving
-  Built-in NIGHT LIGHT™
-  Zone Heating
-  Napoleon® Exclusive Feature

## PHAZERAMIC™ Burner System

Napoleon's sophisticated PHAZERAMIC™ infrared burner system offers superior flame technology. Strategically placed burner ports combined with realistic log sets create the most realistic flames in the industry.

## Finely Tuned Precision Valves

Surrounded with a protective cast aluminum jacket, the precision valves allow for ultimate reliability and 100% SAFE GUARD™ gas control system.

### True Masonry Details

Napoleon's ceramic brick panels with true masonry texture and mortar details, help transfer additional heat, radiating out from the firebox.

### Outstanding Craftsmanship

Distinctive hand-forged wrought iron is a hallmark of Napoleon® artisans. Fine details are designed in every aspect of Napoleon® fireplaces.

### High Heat Ceramic Glass

Ceramic glass is made to withstand extreme high temperatures, allowing maximum radiant heat performance & safety.

### WHISPER QUIET™ Heat Circulating Blower System

The extreme heat resistant "H" class bearings featured in Napoleon's superior heat circulating blower, creates a lasting "whole home" comfort with adjustable high & low speeds.

### Solid Hinged Doors

Manufactured with heavy gauge steel, the doors are conveniently hinged or pivoted for easy opening access with two snap clips.

### Exclusive NIGHT LIGHT™

The exclusive NIGHT LIGHT™ illuminates the whole decorative firebox, including the logs, even when the fireplace is turned off.

# Napoleon's Direct Vent Technology

## Convenient, Clean, Reliable Heating Source

With over 30 years of research and development, Napoleon® Fireplaces have perfected direct vent technology to offer you a fireplace, stove or insert that easily fits into your lifestyle.

With Napoleon's direct vent technology, you can design and install your fireplace in unique locations where it wasn't possible before with traditional masonry fireplaces. Even your basement can be transformed into a warm, inviting oasis for your family and friends to enjoy.

Whether you are renovating, building or replacing an inefficient fireplace product, Napoleon® helps guide you in the right direction to find the product that's right for you and your home. Napoleon® Fireplaces are a smart investment that will bring many years of affordable luxury to you and your family.

100% SAFE GUARD™ gas control system automatically and quickly shuts off the gas supply for your peace of mind.

Napoleon's Environmentally Friendly Products are designed to provide a clean burning, convenient natural gas or propane energy source - indoors and out.

Zone heating means you are heating the room that you use the most with an alternate heat source, like a Napoleon® Fireplace. Zone Heating is the obvious solution for those families concerned about rising fuel costs.

## Direct Vent Power Venting System

### Freedom and Versatility

Napoleon's new power venting system allows more freedom and versatility for direct vent installations. The option of having the termination above or below the fireplace, along with the ability to "snake" either up or down, allows installation when the desired fireplace location is a great distance away from an outside wall. The blower that pulls the burned gases from the fireplace is mounted outside at the terminal which provides WHISPER QUIET™ operation inside the home.

## Heating Flexibility

### Hot Air Distribution Kit

With the hot air distribution kit and its independent fan control, you are offered a choice of distributing a portion of the heat generated from your fireplace to other rooms, adding to your overall home comfort...

OR

when fireplace heating efficiency is secondary to the ambiance of a fire, disperse it outdoors... ideal for entertaining.

### Thermostat For Hot Air Distribution Kit

Optional thermostatic control maintains adjacent room temperature for even greater convenience.

### Blower

When you want to extract maximum heat, an optional heat circulating blower offers increased heating efficiency throughout the room.
